NSPM-33 Flyer 2024 PRINT.pdf 1 23.07.2024 13:21

Prepare for NSPM-33 Policies

Add trustworthy information about your researchers and their affiliation with you to their ORCID records.

With an ORCID integration, you can...

Add data to your researchers' records (like Education and Employment) to ensure the information describing your institution is correct.

Sync information between your institution's systems and **ORCID for accurate, real-time data** about your researchers

Get data from ORCID records (like Works and Funding) to populate your sysvtems with accurate data about your researchers.

Education, Employment, Funding, and Works data in ORCID records will populate into the Common Forms, helping researchers comply with the upcoming NSPM-33 Policies.

Learn more about NSPM-33 Policies, integrations, and ORCID consortia membership at https://orcidus.lyrasis.org/
