About FCT

Fundação para a Ciência e a Tecnologia (FCT)
is the Portuguese national funding agency for science and research.

FCT is a **publicly-funded government agency**, under the responsibility of the Ministry for Science, Technology and Higher Education.

FCT's vision

- To establish Portugal as a **global reference for research and innovation**
- To ensure knowledge generated by scientific research **underpins social and economic development**

Goals

PTCRIS
Connected Research

1 Simplify

- **Simplified** information **management**
- **Reducing the bureaucratic burden**

2 Measure

- Easy to measure (and analyze) **scientific activity**
- Optimization of the **financing** process

3 Discover

- Easy **access** to scientific activity and its results
- Easy to discover **technology and innovative ideas**

Science Indicators

Key takeaways

- **PTCRIS** – a national program for **research information management**
- A **national HUB – CIÊNCIA**VITAE **- in sync with ORCID,** the international HUB
- **ORCID** is **not mandatory**, but…
- Adoption of **ORCID** is **promoted** - the “carrot” strategy
- **ORCID integration** is implemented at the **national level** and is **widely used**
- Considerable **reduction in time spent registering information** - > 154 hours saved
- **CIÊNCIAVITAE:ORCID** integration has **added funding metadata** to almost **200,000 ORCID records**
- **CIÊNCIAVITAE:ORCID** integration is the **biggest aggregator of T&D** in the ORCID registry
