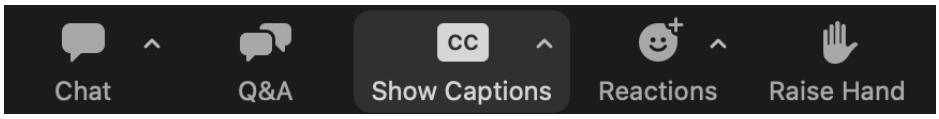
Please note: some or all of these features and functions may or may not be available based on the version of Zoom being used. In order to most capably use all the features and functions, it is recommended to use the Zoom app and ensure the app is up to date.

Closed Captions & Translations

Both closed captioning and translations are enabled for this webinar, and can be tailored to your individual language preferences. To turn on captions:

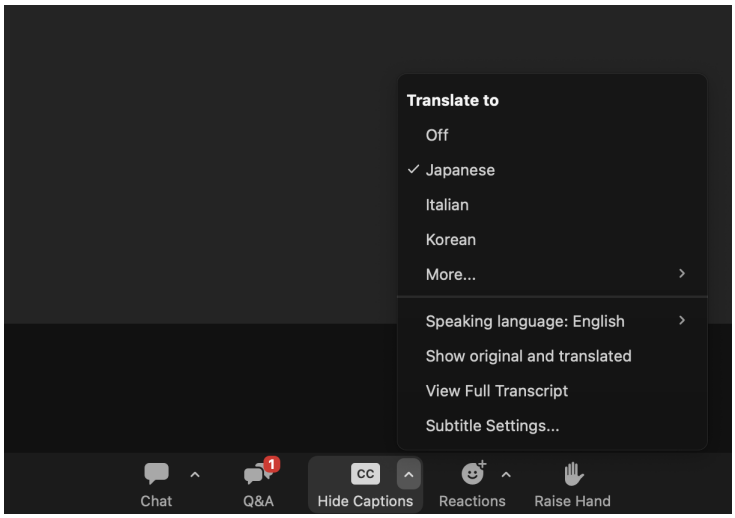
1. Click on **Show Captions** in the Zoom toolbar.



2. A pop-up window will appear. Indicate your **Speaking Language** using the dropdown menu.
    a. Speaking Language refers to the language that the presentation is being given in
3. Indicate your **Translated Language** using the dropdown menu
    a. Translated Language refers to the language that you want the presentation to be translated in to
4. Once you've indicated your languages, click **Save**.

Once captions and translations are turned on, there are more settings that can be adjusted. To view the settings:

1. Click on the arrow on **Hide Captions** in the Zoom toolbar.



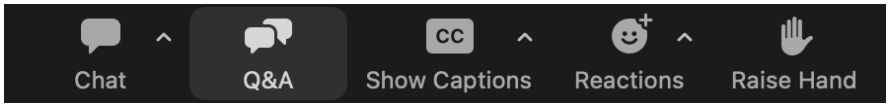
2. Change the translation language by selecting a different language under **Translate to**
3. Change the speaking language by selecting a different language under **Speaking language:**
4. To view captions of both the speaking language and your translated language, click **Show original and translated**
5. To view the full transcript of the meeting, click **View Full Transcript**
6. To adjust the size of the captions, click **Subtitle Settings**

Please note: The languages available for captioning and translating are offered and controlled by Zoom. The accuracy of captions and translations is dependent upon many variables, and captions/translations may not always be the most accurate representation of the audio. We invite you to reach out with any questions or to clarify any confusion that may occur with captioned and translated audio.

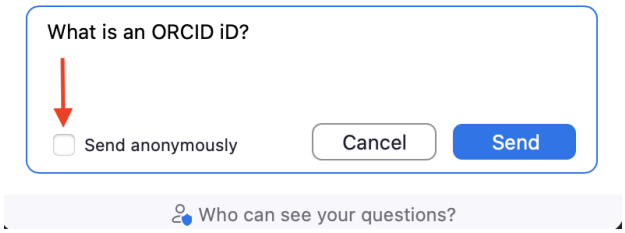
Q&A

Utilize Q&A to ask questions throughout the session. To submit a question:

1. Click on **Q&A** in the Zoom toolbar



2. The Q&A window will pop-up. Use the text box to type your question.
3. If you would like to submit your question anonymously, check **Send anonymously**.



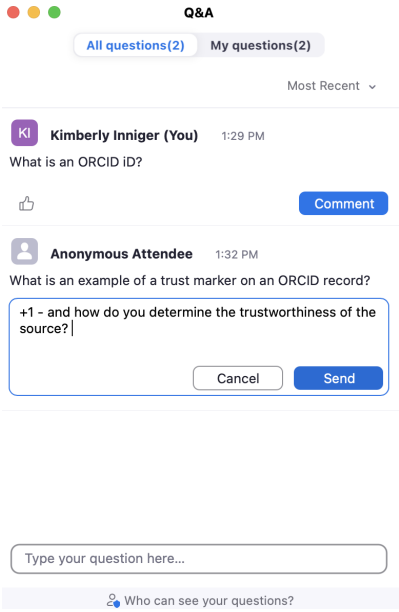
4. Once your question is typed, click **Send**. Your question will appear in the Q&A window and is visible to ORCID, presenters, and other attendees.

View, comment, and upvote questions submitted by attendees. To do so:

1. Click on **Q&A** in the Zoom toolbar
2. The Q&A window will pop-up, and submitted questions will be displayed.
3. If you are interested in a question, **Upvote** by clicking the thumbs-up icon.

   a. Upvoting questions lets ORCID and our presenters know attendees are eager to hear more about this topic and helps prioritize questions during the Q&A at the end of the session.

4. Add a comment to a question by clicking **Comment.** Use this feature to add a related question or comment.



5. Once your comment is typed, click **Send**. Please note: comments cannot be submitted anonymously.
